COPPER GLOW

Copper Glow brings you hand-painted artistry on every item. Applied like a ribbon over the rim, it features a delicate “swirl structure” with an aesthetic that is hand-crafted and bold. Thanks to the fine copper lustre, Copper Glow is a star in the world of dining.

THE ROCK WHITE GLACIER

A true reflection of nature: the minimalistic, expressive design of The Rock is inspired by natural slate shapes, which are transferred to the finest Premium Porcelain using highly demanding processes that recreate their natural look and feel.

DELIVERY & COLLECTION POLICY

We appreciate having the chance to work with you and look forward to a successful event on your end.

As we have the following clause for our rental:

Unless otherwise specified, all tableware, flatware, and glassware are delivered clean (but not polished) and may have watermarks. Our linen may contain folding lines.

Customers must check and accept the quality and quantity of our delivered items. For collection, items should be rinsed, food-free, and repacked into original containers as received. If the customer has no access to a water point, an additional cleaning charge (minimum 100 SGD) will be incurred. Please note that we do not provide set up or tear down services; we solely deliver to the doorstep.

Here is a comparison chart for what we require for the return of the items:

Not Eligible for Return

Glass Cleaning Process & Water Marks

We appreciate having the chance to work with you and look forward to a successful event on your end.

Important Notice for Our Rentals:

Our glasses undergo a rigorous cleaning process, being washed twice at temperatures of up to 80°C in a dishwasher before being sent out. However, they are not polished. As a result, some glasses may have visible water marks from the drying process—these are not dirt or stains but a natural outcome of wet glasses drying.

We prioritize **hygiene and efficiency**, ensuring every glass is thoroughly sanitized and ready for use. While not all glasses will have water marks, please note that some may appear due to our polish-free process.

For reference, please see the images below demonstrating acceptable and excessive water marks. If you have any concerns, feel free to contact us for clarification.
